Maeve Litter Temperament Overview:

The Maeve x Brody litter is a very well-balanced, people-oriented group that consistently reflects the strong, affectionate temperaments of both parents. While they may take a brief moment to settle into new environments, they adjust quickly and become extremely sweet, gentle, and engaging companions. These puppies are highly motivated by human interaction and naturally seek connection in a confident yet respectful way, without being overly pushy. They carry a happy, easygoing presence and are described as “powered by their tails,” with constant wagging and a genuine eagerness to be involved. Energy levels are very consistent at a true mid across the board, with some puppies naturally elevating slightly during interaction and play. There are no behavioral concerns or red flags noted within this litter. Overall, this is a very personable, adaptable, and emotionally connected group, with several puppies showing strong early potential for therapy, service, or emotional support roles, and they are expected to transition seamlessly into a wide variety of home environments.

Maeve Blue

POTENTIAL SERVICE + THERAPY CANDIDATE

- **Energy Level: Mid Level**
- **Personality:** Maeve Blue is a highly engaging, affectionate, and very people-driven puppy who thrives on interaction and connection. He may take a brief moment to settle initially, but adjusts quickly and becomes a happy, attentive, and very personable companion. He actively works to gain and maintain attention, showing an eager and slightly persistent nature that reflects his strong human focus. He can be a bit wiggly with handling at first, but settles nicely and remains tolerant overall. His energy level sits at mid to moderate, naturally rising with interaction and play. He is incredibly intuitive, responsive, and motivated by people, making him a standout candidate for service, therapy, or emotional support work. He will do best in a home that is interactive and enjoys a very engaged companion.
- **Health Notes:** Puppies' teeth have not all fully come in yet, which is completely normal and expected at this age. Bite will continue to be monitored as he matures. This is not a health concern and his teeth will continue to come in as he develops.

Maeve Green

POTENTIAL THERAPY / ESA CANDIDATE

- **Energy Level: Mid Level**
- **Personality:** Maeve Green is an exceptionally sweet, affectionate, and happy puppy with a naturally gentle and engaging personality. He is very people-oriented and thrives on connection, showing a warm, waggy, and joyful demeanor in his interactions. He carries himself with a calm confidence and is very tolerant with handling, settling nicely into affection and engagement. His personality is soft, easygoing, and very pleasant to be around, with a playful side that comes out naturally during interaction. His energy level remains a true mid, making him both fun and easy to live with. With his balanced temperament, tolerance, and people focus, he shows great early potential for therapy or emotional support work.
- **Health Notes:** N/A

Maeve Orange

- **Energy Level: Mid Level**
- **Personality:** Maeve Orange is a very well-balanced, gentle, and affectionate puppy who takes a calm and easygoing approach to the world. He may take a brief moment to settle in new situations, but once comfortable, he becomes a sweet, engaging, and personable companion. He enjoys interaction and connection while remaining respectful and not overly demanding, making him very easy to live with. His tolerance with handling is excellent, and he settles comfortably into affection. With a true mid-level energy, he is playful when appropriate but overall maintains a steady, relaxed presence. He is a great fit for a wide variety of homes looking for a balanced and affectionate companion.
- **Health Notes:** Puppy currently has undescended testicles. This is very common at this age and we expect them to descend as he continues to mature. It will not cause pain or affect daily life. This has been cleared by our vet.

Maeve x Brody — Parent Overview

Maeve is a sweet, silly, and deeply engaging mom whose entire world revolves around her people. She brings a soft, affectionate, and emotionally connected presence, always seeking interaction and thriving on companionship. Maeve is truly a sweetheart through and through, with a personality that naturally draws you in.

Breed: F2B Goldendoodle

Weight: 18bs

Brody carries a similarly endearing spirit. He can be a bit reserved at first, but once he feels comfortable, he becomes friendly, happy, and eager to engage. He enjoys playtime, but his favorite place is curled up in your lap, soaking up affection. His thoughtful and affectionate nature adds a gentle depth to this pairing.

Breed: Moyen Poodle

Weight: 19lbs

Together, Maeve and Brody are expected to produce puppies that embody the best of both—sweet, silly, affectionate, happy, and highly engaging. We anticipate mid to moderate energy levels, strong people-oriented motivation, and puppies with excellent potential for service or therapy work. This litter should be a wonderful fit for homes that prioritize connection and consistent interaction.
