Tilly Girls Play Video

Date of Birth: 3/31/2026

## Tilly Litter Temperament Overview:

The Tilly x Ian litter is a very gentle, affectionate, and well-balanced group that continues to reflect the consistency seen in this repeat pairing. These puppies may take a brief moment to settle in new environments, but they adjust beautifully with time and encouragement, quickly becoming happy, engaging, and eager to connect. They are naturally curious and thoughtful, showing strong problem-solving ability, good focus, and age-appropriate intelligence.

This litter is highly motivated by both human interaction and food, making them very responsive and enjoyable to work with. They are socially appropriate with people, other dogs, and even cats, and they demonstrate excellent manners, including strong bite inhibition and minimal vocalization. They are very tolerant with handling and display a soft, gentle nature overall.

Energy levels sit at a steady mid level to Mid to Moderate levels, making them easy to live with while still being playful and engaging. These puppies thrive on connection and do best in homes that will allow them a moment to adjust and then continue to engage with them, helping build their confidence and strengthen their natural desire to form close, lasting bonds. Overall, this is a very sweet, intelligent, and deeply people-oriented litter that will transition beautifully into a wide variety of loving homes

## Tilly Pink

- **Energy Level: Mid to Moderate**
- **Personality:** Tilly Pink is a gentle, soft-natured girl who may take a moment to settle into new environments, but once she feels comfortable, her sweet and affectionate personality truly shines. She is very people-oriented in a calm and reassuring way, using connection to help guide her confidence.

She has a naturally loving and tender demeanor, forming meaningful bonds with her people and enjoying quiet, close interaction. While she may start off a bit unsure, she does not show fear-based tendencies—she simply benefits from a little patience and encouragement. As she continues to grow in confidence, she becomes a very cuddly, engaging, and loyal companion. She will thrive in a calm, supportive home that allows her to settle in at her own pace and build that strong connection.

- **Physical Evaluation:** N/A

## **Tilly Red**

### POTENTIAL THERAPY / ESA CANDIDATE

- **Energy Level: Mid to moderate**
- **Personality:** Tilly Red is a beautifully balanced, gentle, and affectionate puppy with a naturally warm and engaging personality. She is confident without being overwhelming and handles new situations, interaction, and handling with ease and grace.

She is incredibly people-oriented and intuitive, naturally forming strong bonds and enjoying close connection with her family. She has a calm, tolerant nature paired with a happy, engaging spirit, making her both easy to live with and a joy to be around. Based on her steadiness, engagement, and natural intuition, she shows lovely early potential for therapy or emotional support roles. She will do best in a home that enjoys including her in everyday life and interaction.

- **Physical Evaluation:** Puppy has a mild underbite. This is very minor and will likely correct as they continue to grow. It will not affect daily life or cause any discomfort and is purely cosmetic. This has been cleared by our vet.

## Tilly White

- **Energy Level: Mid Level**
- **Personality:** Tilly White is a sweet, steady, and easygoing puppy with a beautifully balanced personality. She may take a brief moment to feel comfortable in new situations, but once she does, she becomes a gentle, affectionate, and quietly engaging companion.

She has a nice blend of independence and connection, enjoying time with her people while also being perfectly content to explore or relax on her own. She carries herself with a calm, thoughtful presence and tends to approach things at her own comfortable pace. With a patient and understanding home, she will continue to grow into a very loving, stable, and dependable companion.

- **Physical Evaluation:** Puppy's teeth have not all fully erupted at this time, which is completely normal and expected for their age and stage of development. The bite will continue to be monitored as the puppy matures. This is not considered a health concern, and the remaining teeth are expected to come in naturally with growth

## Tilly White Dot

- **Energy Level: Mid Level**
- **Personality:** Tilly White Dot is a gentle, sweet, and well-balanced puppy with a calm and easygoing personality. She may take a brief moment to settle, but once comfortable, she is affectionate, relaxed, and very enjoyable to be around. She carries a nice balance of independence and engagement, happily interacting with her people while also being content to do her own thing when needed. She is steady, tolerant, and adaptable, making her a great match for many different home environments. Her soft, easy nature makes her a very lovable and dependable companion.
- **Physical Evaluation:** Puppy has an underbite. At this stage of development, she is still very small, and there is a strong likelihood that the bite may improve or self-correct as she continues to grow and mature. This is purely cosmetic and this will not cause any pain, functional limitation, or impact on daily quality of life. This has been evaluated and cleared by our veterinarian as a non-concerning, age-appropriate observation.

## Tilly x Ian — Parent Overview

**Tilly:**

**Weight:** 33lbs

**Breed:** F1B Goldendoodle

**Ian:**

**Weight:** 27lbs

**Breed:** F1B Schnoodle

This is a repeat breeding, allowing us to rely on established temperament data from the previous Tilly x Ian litter. That group was gentle and highly personable, often presenting as a bit timid at first but adjusting beautifully with time, patience, and encouragement. Once comfortable, the puppies became affectionate, curious, and eager to interact, showing strong emotional recovery and growing confidence as they settled in.

They demonstrated good memory, focus, and age-appropriate problem-solving skills, along with strong motivation for both food and human interaction. This combination made them especially responsive and rewarding to work with in a home setting. Socially, they were appropriate and well-mannered with people, other dogs, and even cats. Mouth use during play was minimal, with excellent bite inhibition, and while they could occasionally vocalize when seeking attention, they were easily redirected.

Together, this pairing consistently produces sweet, gentle, and connection-driven puppies with a thoughtful approach to new environments. Their intelligence and strong desire for interaction make them well-suited for homes that provide structure, encouragement, and positive reinforcement. With time to adjust and build confidence, these puppies are expected to become deeply affectionate, adaptable companions and a wonderful fit for families who value both connection and steady development.
