Lizzy x Harvey — Parent Overview

Lizzy is a very sweet, gentle, and easygoing girl with a soft and thoughtful nature. She can become a bit reserved when overwhelmed, but once she feels comfortable, her playful, bubbly, funny, and loving personality shines through. Lizzy is happiest when she's included and connected with her people, happily going along for whatever the day brings.

Breed: Mini Poodle

Weight: 9lbs

Harvey is outgoing, gentle, and absolutely overflowing with personality. Much like Lizzy, he cares more about the invitation than the adventure itself—so long as he gets to be part of it, he's happy. Harvey is playful, intelligent, and naturally engaging, making him a favorite character around the nursery thanks to his charm and social nature.

Breed: F1 Schnoodle

Weight: 12lbs

Together, Lizzy and Harvey are expected to produce puppies that are deeply people-oriented and highly connected to their families. While some puppies may be a little slower to warm up initially, once comfortable they are expected to be sweet, gentle, affectionate, bubbly, and playful companions. We anticipate mid-level energy and adaptable temperaments that should fit beautifully into a wide variety of home environments.
