

Meet the Parents

Sicily x Blaze — Parent Overview

Sicily is an engaging, outgoing, and playful little girl who approaches life with enthusiasm and joy. She loves just about everything and acts like it, but if given the choice, she would almost always choose to be held. Sicily settles beautifully for handling, melting into your arms as though that is exactly where she was meant to be. Her combination of playfulness and affection makes her incredibly endearing.

Breed: F1B Schnoodle

Weight: 11lbs

Blaze is a very happy guy with a sharp mind and a playful spirit. He can be a little too smart for everyone's own good at times, but that intelligence is paired with a genuine love of training, play, and adventure. Despite his small size, Blaze is athletic, energetic, and always ready to join in on whatever is happening. He also appreciates a good cuddle session and knows how to slow down when the moment calls for it.

Breed: Mini Poodle

Weight: 10lbs

Together, Sicily and Blaze are expected to produce puppies that closely reflect their parents—sweet, playful, outgoing, and full of personality. We anticipate puppies that love just about everything, but especially interaction and affection. With mid to moderate energy levels and adaptable, people-oriented temperaments, this litter should be a wonderful fit for families looking for a companion to bring along on every adventure.
