Hera Boys Play Video

Date of Birth: 6/17/2026

Hera Litter Temperament Overview:

The Hera litter is exceptionally **people-oriented, affectionate, and connection-driven**, consistently seeking out interaction and engagement. These puppies are happy, social, and naturally engaging, with playful, silly personalities balanced by a strong desire to bond closely with their people.

Across the board, they demonstrate **excellent early indicators for therapy and service-related work**, including attentiveness, responsiveness, and emotional awareness. Energy levels are mid to moderate, often rising with interaction while still maintaining the ability to settle appropriately.

Overall, this is a **very well-rounded, highly capable litter** best suited for families looking for a true companion—puppies who want to be involved, connected, and part of everyday life.

Hera Blue

POTENTIAL THERAPY / ESA CANDIDATE

- **Energy Level:** Mid Level

- **Personality:**

Hera Blue is a playful, affectionate, and highly engaging puppy with a fun, silly personality that makes him incredibly easy to connect with. He presents as confident without being overwhelming, carrying a naturally balanced and easygoing demeanor.

He is clearly **people-oriented and enjoys interaction**, consistently seeking out attention and engagement while maintaining a gentle and respectful approach. Hera Blue shows a nice eagerness to connect and stay involved, forming bonds comfortably and naturally.

He is very tolerant with handling and settles beautifully, remaining calm, cooperative, and easy to work with. His energy level is a steady mid level, with the ability to rise into a more playful range during interaction while still maintaining overall balance.

He shows **strong early indicators for therapy or ESA-type work**, including engagement, gentleness, and an ability to settle appropriately.

Overall, Hera Blue is a **well-balanced, affectionate, and engaging puppy** who will thrive in an interactive home and develop into a very connected companion.

- **Physical Evaluation:**

No health concerns noted.

Hera Green

POTENTIAL SERVICE + ALERT CANDIDATE

- **Energy Level:** Mid to Moderate

- **Personality:**

Hera Green is an extremely engaging, expressive, and highly people-focused puppy who thrives on connection and interaction. He presents with a confident and outgoing personality, paired with a strong drive to seek out and maintain attention.

He is **very people-oriented, eager to please, and highly intuitive**, showing an impressive ability to read and respond to those around him. Hera Green naturally works to build and maintain connection, forming strong bonds and showing clear motivation to stay engaged.

With handling, he is tolerant but can be wiggly due to excitement, reflecting his enthusiastic and energetic personality rather than sensitivity. His energy level ranges from mid to moderate, often rising with interaction and engagement.

He demonstrates **exceptional early indicators for service and alert-based work**, including focus, responsiveness, engagement, and a strong desire to connect and work alongside his person.

Overall, Hera Green is a **highly driven, intelligent, and connection-focused puppy** who will thrive in a structured, engaging home that can channel his potential into something purposeful.

- **Physical Evaluation:**

No health concerns noted.

Hera x Mylo — Parent Overview

Hera is about as cuddly and affectionate as a dog can be. She is sweet, playful, and delightfully silly when she's trying to get your attention, but the moment she has it, she completely melts into your arms. Being close to her people is her absolute happy place, and few things make her happier than simply soaking up love and affection.

Breed: F1B Schnoodle

Weight: 15lbs

Mylo is a fun little fireball of a doodle. Playful, outgoing, goofy, and bubbly, he approaches every interaction and new experience with an impressive amount of enthusiasm for a dog of his size. There are many ways to describe Mylo, but "boring" has never been one of them. His joyful personality and infectious energy make him impossible not to love.

Breed: F1B Goldendoodle

Weight: 9.5lbs

Together, Hera and Mylo are expected to produce puppies that beautifully blend the best of both parents—fun, goofy, outgoing little spitfires with the affectionate, melt-in-your-arms nature of their mother. We anticipate mid to moderate energy levels, exceptionally people-oriented temperaments, and puppies with wonderful potential for service or therapy work. This litter should be an excellent fit for families looking for a true companion who wants to be involved in every part of daily life.
