Hera x Mylo — Parent Overview

Hera is about as cuddly and affectionate as a dog can be. She is sweet, playful, and delightfully silly when she's trying to get your attention, but the moment she has it, she completely melts into your arms. Being close to her people is her absolute happy place, and few things make her happier than simply soaking up love and affection.

Breed: F1B Schnoodle

Weight: 15lbs

Mylo is a fun little fireball of a doodle. Playful, outgoing, goofy, and bubbly, he approaches every interaction and new experience with an impressive amount of enthusiasm for a dog of his size. There are many ways to describe Mylo, but "boring" has never been one of them. His joyful personality and infectious energy make him impossible not to love.

Breed: F1B Goldendoodle

Weight: 9.5lbs

Together, Hera and Mylo are expected to produce puppies that beautifully blend the best of both parents—fun, goofy, outgoing little spitfires with the affectionate, melt-in-your-arms nature of their mother. We anticipate mid to moderate energy levels, exceptionally people-oriented temperaments, and puppies with wonderful potential for service or therapy work. This litter should be an excellent fit for families looking for a true companion who wants to be involved in every part of daily life.
