Jubilee x Reuben — Parent Overview

Jubilee has a name that suits her perfectly. She is a jubilant, happy girl who approaches life with enthusiasm and joy. Social, sweet, and playful, Jubilee gets genuinely excited about interaction and spending time with her people. She loves to work and train, possesses an impressive level of intelligence, and may be just a little too smart for everyone's own good. Despite all of her energy and engagement, she is equally happy curling up in your lap after some quality playtime.

Breed: F1B Schnoodle

Weight: 28lbs

Reuben is a stately gentleman with a calm and affectionate nature. He enjoys training, working, and joining in on activities, but his favorite place is simply by your side. Whether it's a walk, a jog, or a playful romp, Reuben is happy to participate, but he firmly believes every adventure should be followed by some well-earned couch time. He is the type of Poodle who leans into hugs and somehow always convinces you that he hasn't been cuddled nearly enough.

Breed: Mini Poodle

Weight: 16lbs

Together, Jubilee and Reuben are expected to produce puppies that embody the same wonderful "jack-of-all-trades" temperament as their parents. We anticipate puppies that are playful and intelligent, sweet and cuddly, bubbly and silly, yet capable of settling down and adapting to whatever the moment calls for. With mid to moderate energy levels and highly people-oriented personalities, this litter should be an excellent fit for interactive homes looking for a versatile and engaging companion.
