Paprika x Wasabi — Parent Overview

Paprika is an incredibly sweet and affectionate little girl with a constantly wagging tail and a heart full of joy. She loves rolling over for belly rubs and is the kind of dog you simply can't walk past without stopping to love on. She radiates happy, gentle energy and naturally draws people in.

Breed: Mini Poodle

Weight: 12lbs

Wasabi is just as lovable in his own fun-loving way. He is affectionate, social, and endlessly friendly—truly a happy-go-lucky boy who believes everyone and everything is his friend. His enthusiasm for life and connection makes him a joy to be around.

Breed: F1 Schnoodle

Weight: 15.5lbs

Together, Paprika and Wasabi are expected to produce puppies that closely mirror their delightful temperaments. This pairing should result in puppies that are affectionate, social, and outgoing, with a strong motivation for interaction and people, along with good interest in food and toys. We anticipate mid to moderate energy levels and a litter of puppies that will be easy to love and wonderfully suited for a wide variety of home environments.
