## Wynona x Pistachio — Parent Overview

**Wynona** is a very sweet and gentle girl with a happy, social nature. She enjoys playtime and engagement and is always excited to spend time with her people. While she is playful and interactive, she remains remarkably gentle and respectful in her approach. Wynona loves giving hugs, soaking up affection, and would much rather be with her people than doing anything on her own.

**Breed:** F1 Goldendoodle

**Weight:** 46lbs

**Pistachio** shares many of those same qualities. He is reserved, gentle, and respectful, approaching both people and new situations with a quiet thoughtfulness. Pistachio engages slowly and interacts softly, but once comfortable, he enjoys play and roughhousing like any dog. Even so, he would almost always choose cuddles over any other activity if given the option.

**Breed:** Mini Poodle

**Weight:** 11lbs

**Together**, Wynona and Pistachio are expected to produce puppies that closely reflect their parents—sweet, gentle, affectionate, cuddly, and deeply people-oriented. We anticipate mid-level energy, respectful temperaments, and puppies whose world revolves around their families. This litter should be especially well suited for homes looking for a true companion rather than simply a pet, offering a deep desire for connection and a naturally affectionate disposition.
