

Meet The Parents

Livie x Marcel — Parent Overview

Livie is a sweet, affectionate, and deeply engaging girl whose world revolves around her person. She is happy to play and run when that is what the moment calls for, but she settles beautifully for handling and is just as content to cuddle instead. Livie has a wonderfully adaptable nature, meeting her people wherever they are and simply wanting to be included.

Breed: Mini Poodle

Weight: 10lbs

Marcel has a very similar disposition, just with a little extra enthusiasm packed into his tiny frame. He is outgoing, playful, cuddly, and the definition of "work hard, play hard" in an adorable 12-pound body. Marcel runs, jumps, plays, cuddles, kisses, and even sleeps with everything he has, putting his entire personality into every moment.

Breed: F1B Goldendoodle

Weight: 12.5lbs

Together, Livie and Marcel are expected to produce puppies that closely reflect their parents—sweet, affectionate, outgoing, playful, and delightfully silly. We anticipate tiny puppies with personalities far bigger than their bodies should reasonably be able to contain. With mid-level energy that naturally rises with excitement and interaction, this litter should produce highly engaging, people-oriented companions that are equally ready for playtime or a good cuddle.
