

# Meet The Parents

## Rory x Bruce — Parent Overview

**Rory** is a fun, sweet, and outgoing girl with a personality that's every bit as big as she is. She approaches life with a goofy charm in everything she does and somehow manages to have more personality than her giant body can contain. Above all else, Rory adores people and would happily spend her days believing she's a lap dog if you let her. Her affectionate, engaging nature makes her impossible not to love.

**Breed:** F1B Schnoodle

**Weight:** 65lbs

**Bruce** is very much on the same wavelength. He is sweet, gentle, and playful, with a kind and thoughtful demeanor. While he can be a bit timid when meeting new people, especially at first, his wonderful personality quickly shines through once he has a chance to settle in. Bruce forms strong bonds with his people and has a naturally affectionate, easygoing nature.

**Breed:** F1B Goldendoodle

**Weight:** 26lbs

**Together**, Rory and Bruce are expected to produce puppies that closely resemble their incredible parents. Historically, Rory has a remarkable tendency to "3D print" herself in both appearance and personality, and with Bruce sharing so many complementary traits, we expect that tradition to continue. This litter should produce big puppies with even bigger personalities—sweet, playful, engaging, and incredibly endearing. We anticipate mid to moderate energy levels, excellent potential for service work, and puppies that will thrive in interactive homes looking for a devoted companion with plenty of personality.
