Fendi x Archer — Parent Overview

Fendi is outgoing, confident, and incredibly sweet. She is a wonderful example of a Smeraglia Goldendoodle in every way, from her beautiful appearance to her exceptional personality. Fendi is engaged, focused, and naturally connected to her people, bringing together so many of the qualities we strive for in our dogs.

Breed: F1 Goldendoodle

Weight: 63lbs

Archer shares many of those same qualities with a slightly calmer, more balanced approach. He is outgoing and playful while also being an affectionate snuggler who genuinely loves interaction. Archer is simply a big, happy boy who loves life and is content to enjoy whatever the day brings alongside his people.

Breed: Standard Poodle

Weight: 63lbs

Together, Fendi and Archer are expected to produce puppies that are every bit as wonderful a representation of the Smeraglia standard as their parents. We anticipate beautiful, blocky puppies with sweet, affectionate, engaging, outgoing, and confident personalities. Their strong people focus and balanced temperaments should create great potential for service work. Energy levels are expected to remain around mid-level, with individual puppies naturally adjusting to interaction—some becoming more playful and energized while others settle and soften with attention.
