

Girls Temperament Assessment

[Michele Girl 7Wk Playtime Video](#)

Date of Birth: July 21st, 2026

Michele Litter Temperament Overview:

The Michele litter is a **sweet, gentle, playful, and nicely balanced group** with wonderful personalities beginning to emerge. These puppies have a softer approach when experiencing something brand new and may initially take a moment to observe and process, but once they settle in, they show themselves to be **happy, curious, social, tolerant, and engaging companions**.

One of the most consistent qualities throughout this litter is their **overall balance**. Every puppy evaluated showed a healthy middle ground between human connection and independence, along with good handling tolerance once comfortable. They are not puppies who immediately throw themselves into every unfamiliar experience; instead, they benefit from a little time to take things in before their personalities fully come forward.

Energy is exceptionally consistent at a **true mid level across the entire litter**, giving these puppies a wonderful balance for everyday family life. They have plenty of personality, playfulness, and curiosity while still presenting with an overall manageable and versatile energy level.

There is also **promising therapy potential within this litter as their confidence continues to develop**. Their evaluations consistently showed gentle, tolerant, balanced qualities, but confidence was the primary area they still need to strengthen before we would consider them stronger working prospects. At this young age, needing time and positive experiences to build confidence is very normal puppy behavior. Continued socialization, maturity, and positive exposure should give these puppies the opportunity to build upon the wonderful foundational qualities they already possess.

Overall, this is a **sweet, playful, gentle, balanced, and personality-filled litter** with wonderful companion qualities and exciting room to continue developing. With Michele and Ace both bringing such fun, affectionate, outgoing personalities to the pairing, we are excited to watch even more of those qualities emerge as these puppies mature. Their color is expected to **stay the same**, and the litter carries **3/4 Low Shed Genetic Markers**. This is also Michele's **final litter**, making this an especially special group.

Michele **Pink**

- **Energy Level:** Mid — Consistent & Balanced

- **Personality:**

Michele Pink is a **playful, engaging, happy, and nicely balanced girl**. She can be a little unsure when first entering something unfamiliar and has a slightly more independent side, but she **does adjust**, and that is when her playful, engaging personality begins to come forward.

She has a healthy balance between connection and independence and is tolerant with handling, although she showed some tension while processing the new evaluation environment. Once comfortable, she becomes a much more relaxed, happy, and interactive puppy.

Pink is **mid energy through and through**, giving her a really nice everyday balance. She will thrive with a family that gives her a little grace to adjust to brand-new experiences while continuing to build her confidence through positive exposure.

She **does have promising potential for therapy work**, especially as her confidence develops. Her ability to adjust, tolerance, balanced social nature, and happy, engaging personality give her qualities worth continuing to nurture. At this young age, needing some additional confidence is completely normal, and positive socialization and maturity can help bring much more of her potential forward.

- **Physical Evaluation:**

No health concerns noted.

Michele **Red**

★ Prep Student: **4-Week Starter Puppy Program**

Prep School will begin once adopted.

- **Energy Level:** Mid — Consistent & Balanced

- **Personality:**

Michele Red is a **playful, curious, sweet, and balanced girl** with a softer side when experiencing something brand new. She was initially tense and unsure during her evaluation, but as she had time to process the environment and settle, she showed herself to be a gentle and tolerant puppy.

She has a nicely balanced social style, giving her a healthy middle ground between human connection and independence. She is tolerant with handling despite initially carrying some tension, and her natural playfulness and curiosity are wonderful qualities for continued confidence-building.

Her energy is a **true mid level**, making her nicely balanced for everyday family life. She will benefit from a home that allows her a little adjustment time in unfamiliar situations while encouraging her through positive, confidence-building experiences.

Red **does have promising potential for therapy work**, but confidence is the developmental piece she needs most right now. Her sweetness, tolerance, curiosity, and balanced temperament give her a nice foundation to build upon. Her **4-Week Starter Puppy Program** will be especially beneficial for her, providing additional structure, socialization, training, and positive experiences to help build confidence while giving her an excellent head start for life with her future family.

- **Physical Evaluation:**

No health concerns noted

Michele White

- **Energy Level:** Mid — Consistent & Balanced

- **Personality:**

Michele White is a **sweet, gentle, respectful, and balanced girl** with a softer temperament when encountering something unfamiliar. She was initially tense and unsure during her evaluation, but as she was given the opportunity to settle, her gentle and tolerant nature became much more apparent.

She has a nicely balanced relationship with people and is neither overly dependent nor overly independent. She is tolerant with handling, although she showed some tension while processing the unfamiliar environment. Her respectful, gentle nature gives her a lovely foundation as a companion.

White is **mid energy through and through**, giving her a very manageable, versatile energy level for everyday life. She will do best with a family willing to give her a little time to acclimate to brand-new situations while continuing to encourage her confidence.

She **does have promising potential for therapy work** as she continues to develop. Her sweetness, gentleness, tolerance, and balanced nature are all valuable foundational traits; she simply needs more confidence before we would consider her a stronger working prospect. With positive socialization, exposure, and maturity, there is plenty of opportunity for those qualities to continue blossoming.

- **Physical Evaluation:**

No health concerns noted.

Meet The Proud Parents! 🧬

Meet The Parents

Michele x Ace — Parent Overview

Michele is a hilarious girl who is absolutely overflowing with personality. She is fun, outgoing, bubbly, sweet, and wonderfully silly, bringing an infectious enthusiasm to everything she does. Michele seems to approach every interaction with her whole heart, and her passion for life is genuinely motivating to be around. She is simply an incredible girl with a personality that is impossible to forget.

Breed: Standard Poodle

Weight: 38lbs

Ace is very much on the same wavelength. He is outgoing, affectionate, playful, athletic, goofy, and incredibly endearing. Ace is one of those dogs who "feels big feelings," and he is more than happy to let everyone around him know exactly what those feelings are. Somehow both too smart for his own good and hilariously absent-minded at the same time, Ace has a wonderfully unique personality that makes him an absolute favorite.

Breed: F1B Goldendoodle

Weight: 52lbs

Together, Michele and Ace are expected to produce puppies that are certainly not lacking in personality. We anticipate goofy, sweet, outgoing, confident, and loving puppies that approach life with the same enthusiasm as their parents. With mid to moderate energy levels, strong engagement, and excellent potential for service work, this litter should be especially well suited for interactive homes looking for a fun, intelligent, and deeply connected companion.
