

Meet The Parents

Thea x Diesel — Parent Overview

Thea is an outgoing, sweet, and deeply affectionate girl. She pursues attention with bubbly enthusiasm, happily rolling over into your lap and completely melting into you the moment she earns a little love. Thea has an energetic, joyful spirit that is beautifully balanced by her desire to simply be close to her people.

Breed: F1 Goldendoodle

Weight: 43lbs

Diesel is a Poodle who truly marches to the beat of his own drum. He is outgoing, confident, and exceptionally energetic, bringing remarkable intelligence and drive to everything he does. Often compared to a Malinois in both energy and trainability, Diesel is always ready for the next adventure and thrives on engagement, learning, and activity.

Breed: Moyen Poodle

Weight: 45lbs

Together, Thea and Diesel are expected to produce puppies that could be described by twenty different words, all meaning one thing—fun. We anticipate bubbly, playful, silly, intelligent, sweet, and highly engaging puppies with moderate energy levels that settle beautifully during handling. With their exceptional trainability, people-oriented nature, and balanced ability to transition from play to affection, this litter should produce wonderful service candidates and exceptional companions for interactive homes.
