Date of Birth: 8/26/2026

Guppy Litter Temperament Overview:

Guppy and Mylo bring together two personalities that complement each other beautifully. Guppy is an **affectionate, gentle, personable, and charismatic girl** who is wonderfully respectful in the way she seeks attention and is happiest when that connection is returned. Mylo brings a little more fire to the equation—he is playful, outgoing, goofy, bubbly, and approaches just about everything with an impressive amount of enthusiasm for such a little guy. There is absolutely nothing boring about him.

Their puppies seem to thread that needle beautifully. Overall, this is a **curious, observant, well-balanced, personable, engaged, and playful litter**. Some may lean a little more toward Guppy's gentle, affectionate style while others may show more of Mylo's playful enthusiasm, but across the litter there is a really nice combination of sweetness, connection, curiosity, and personality.

Energy is remarkably consistent at a **textbook mid level**. These puppies have enough playfulness and animation to be fun, involved companions while still maintaining a nicely balanced overall presentation. They are also highly tolerant with handling, naturally lean toward their people, and show good engagement and connection.

Overall, this is a versatile group that should do well in **most any home**. Each puppy also showed **good early Therapy / ESA potential**, with their gentle temperaments, excellent handling tolerance, people orientation, engagement, and overall balance providing positive foundations to continue developing as they mature.

Guppy Blue

POTENTIAL THERAPY / ESA CANDIDATE

- **Energy Level:** Mid — Consistent & Balanced

- **Personality:**

Guppy Blue is a **very well-balanced, curious, outgoing, gentle, personable, and respectful boy**. He was relaxed during his initial handling evaluation and presented as social, focused, and nicely balanced during his broader temperament evaluation.

Blue may need a brief moment to take in something completely unfamiliar, but once oriented, he shows a confident and personable nature. He naturally leans toward his people without being overly dependent and demonstrated **excellent handling tolerance with good human engagement**. He is receptive to physical interaction and connection while still maintaining a balanced overall temperament.

His energy is a **textbook mid level**, giving him a great combination of playfulness, curiosity, interaction, and the ability to settle. He is social and enjoyable to engage with without presenting as overly intense.

Blue showed **good early potential for Therapy / ESA work**. His gentle nature, excellent handling tolerance, focus, people orientation, engagement, and balanced temperament provide a promising foundation to continue developing as he matures.

Blue is an adaptable puppy who should do well in **a wide variety of homes** that will continue giving him positive experiences, healthy engagement, and opportunities to build on his already well-balanced temperament.

• **Physical Evaluation:**

Blue has a **very mild underbite** that is purely cosmetic and will likely improve as he continues to grow. It will not affect his daily life or cause him any pain or discomfort. Both testicles are present but had not yet descended at the time of his evaluation. This is common at this age, and we expect them to descend as he continues to mature. **Both notes have been cleared by our vet.**

POTENTIAL THERAPY / ESA CANDIDATE

- **Energy Level:** Mid — Consistent & Balanced

- **Personality:**

Guppy Green is a **very well-balanced, curious, outgoing, gentle, personable, and respectful boy**. He was relaxed during his initial handling evaluation and showed a social, focused, and balanced personality as he became engaged with his surroundings.

Green may appreciate a brief moment to orient himself when something is completely unfamiliar, but his overall temperament is confident and nicely balanced. He naturally leans toward his people and showed **excellent handling tolerance with good human engagement**, giving him a lovely combination of connection and receptiveness without being overly dependent.

His energy is a **textbook mid level**. He has enough curiosity and playfulness to enjoy being involved in everyday family life while maintaining a balanced overall presentation.

Green showed **good early potential for Therapy / ESA work**. His gentle temperament, people orientation, excellent handling tolerance, focus, and engagement are positive early qualities to continue developing as he matures.

Green is an adaptable puppy who should do well in **a wide variety of homes**, whether family, couple, or individual, provided he continues receiving the healthy interaction and experiences appropriate for a developing puppy.

- **Physical Evaluation:**

No health concerns noted.

Guppy x Mylo — Parent Overview

Guppy is an affectionate, gentle, personable, and incredibly charismatic little girl. She is very respectful in the way she asks for attention and is happiest when you happily oblige. Guppy has a naturally sweet and endearing presence, making her an all-around wonderful girl who is incredibly easy to love.

Breed: F1 Schnoodle

Weight: 10.2lbs

Mylo is a fun little fireball of a Doodle. He is playful, outgoing, goofy, and bubbly, approaching every interaction and new situation with an impressive amount of gusto for a dog his size. Mylo brings enthusiasm and personality everywhere he goes. There are plenty of words that could be used to describe him, but boring would certainly never be one of them.

Breed: F1B Goldendoodle

Weight: 9.5lbs

Together, Guppy and Mylo are expected to produce puppies that thread the needle beautifully between their parents. Some may naturally lean a little more toward Guppy's gentle, affectionate demeanor, while others may inherit more of Mylo's bubbly enthusiasm. Overall, we anticipate sweet, personable, and affectionate puppies that settle nicely for handling while becoming playful, silly, and downright hysterical when it's time to have fun.
