

Guppy Girls Temperament Assessment

[Guppy Litter Playtime Video](#)

Date of Birth: 8/26/2026

Guppy Litter Temperament Overview:

Guppy and Mylo bring together two personalities that complement each other beautifully. Guppy is an **affectionate, gentle, personable, and charismatic girl** who is wonderfully respectful in the way she seeks attention and is happiest when that connection is returned. Mylo brings a little more fire to the equation—he is playful, outgoing, goofy, bubbly, and approaches just about everything with an impressive amount of enthusiasm for such a little guy. There is absolutely nothing boring about him.

Their puppies seem to thread that needle beautifully. Overall, this is a **curious, observant, well-balanced, personable, engaged, and playful litter**. Some may lean a little more toward Guppy's gentle, affectionate style while others may show more of Mylo's playful enthusiasm, but across the litter there is a really nice combination of sweetness, connection, curiosity, and personality.

Energy is remarkably consistent at a **textbook mid level**. These puppies have enough playfulness and animation to be fun, involved companions while still maintaining a nicely balanced overall presentation. They are also highly tolerant with handling, naturally lean toward their people, and show good engagement and connection.

Overall, this is a versatile group that should do well in **most any home**. Each puppy also showed **good early Therapy / ESA potential**, with their gentle temperaments, excellent handling tolerance, people orientation, engagement, and overall balance providing positive foundations to continue developing as they mature.

Guppy Pink

POTENTIAL THERAPY / ESA CANDIDATE

- **Energy Level:** Mid — Consistent & Balanced

- **Personality:**

Guppy Pink is a **confident, engaged, curious, tolerant, and gentle girl** with a fun and involved personality. She showed a more active presentation during her initial handling evaluation, while her overall temperament remained nicely balanced at a textbook mid energy level.

Pink may need a brief moment to orient herself when something is completely unfamiliar, but once comfortable, her confidence, curiosity, and engagement come through nicely. She naturally leans toward her people without being overly dependent and demonstrated **excellent handling tolerance with good human engagement**.

Her energy is a **textbook mid level**. Although she was more active during the initial handling portion of her evaluation, her overall presentation remained balanced rather than overly energetic. She has plenty of personality and curiosity while maintaining the gentle and respectful qualities seen throughout this litter.

Pink showed **good early potential for Therapy / ESA work**. Her confidence, excellent handling tolerance, engagement, gentle temperament, and natural people orientation give her a positive foundation to continue developing as she matures.

She is a versatile puppy who should do well in **a wide variety of homes** and should make a fun, personable, and involved companion.

- **Physical Evaluation:**

No health concerns noted.

Guppy Red

POTENTIAL THERAPY / ESA CANDIDATE

- **Energy Level:** Mid — Consistent & Balanced

- **Personality:**

Guppy Red is a **very well-balanced, curious, observant, gentle, personable, and respectful girl**. She was relaxed during her initial handling evaluation and has a thoughtful quality to her personality, taking in what is happening around her while remaining connected and receptive.

Red may need a brief moment to take in something completely unfamiliar, but she maintains a nicely balanced overall presentation. She naturally leans toward people without being overly dependent and demonstrated **excellent handling tolerance with good human engagement**.

Her energy is a **textbook mid level**, giving her a versatile balance of interaction, playfulness, observation, and settling. She has the curiosity to remain interested in her surroundings while maintaining the gentle and respectful demeanor that stood out during her evaluation.

Red showed **good early potential for Therapy / ESA work**. Her excellent handling tolerance, gentle nature, observation, people orientation, engagement, and balanced temperament provide positive qualities to continue developing.

She should adapt beautifully to **a wide variety of homes** and does not require an especially active or especially quiet household based on her evaluation.

- **Physical Evaluation:**

Red has a **very mild underbite** that is purely cosmetic and will likely improve as she continues to grow. It will not affect her daily life or cause her any pain or discomfort. **This has been cleared by our vet.**

Guppy White

POTENTIAL THERAPY / ESA CANDIDATE

Santa's Little Prep Student: **8-Week S.T.A.R. Puppy Program**

Prep School Dates: Oct 29th - Dec 24th 2026 (8wk)

- **Energy Level:** Mid — Consistent & Balanced

- **Personality:**

Guppy White is a **very well-balanced, curious, focused, gentle, personable, and respectful girl**. She was relaxed during her initial handling evaluation and showed a thoughtful, observant quality while remaining nicely connected to the people and environment around her.

White may appreciate a brief moment to take in something completely unfamiliar, but her overall presentation is balanced and engaged. She naturally leans toward her people without being overly dependent and demonstrated **excellent handling tolerance with good human engagement**.

Her energy is a **textbook mid level**, making her a versatile puppy with a nice balance of curiosity, interaction, playfulness, and settling. Her focus is an especially nice quality alongside her gentle and respectful overall demeanor.

White showed **good early potential for Therapy / ESA work**. Her focus, excellent handling tolerance, people orientation, engagement, gentleness, and overall balance provide positive early qualities to continue developing as she matures.

She should adapt nicely to **a wide variety of homes**. Her **8-Week S.T.A.R. Puppy Program** will give her an excellent head start with training, socialization, confidence-building, handling, structure, and everyday puppy skills—and she will complete Prep School **just in time for Christmas on December 24th**. 🌲🐾

- **Physical Evaluation:**

White has a **very mild underbite** that is purely cosmetic and will likely improve as she continues to grow. It will not affect her daily life or cause her any pain or discomfort. **This has been cleared by our vet.**

 **Meet The Proud Parents!**

Meet The Parents

Guppy x Mylo — Parent Overview

Guppy is an affectionate, gentle, personable, and incredibly charismatic little girl. She is very respectful in the way she asks for attention and is happiest when you happily oblige. Guppy has a naturally sweet and endearing presence, making her an all-around wonderful girl who is incredibly easy to love.

Breed: F1 Schnoodle

Weight: 10.2lbs

Mylo is a fun little fireball of a Doodle. He is playful, outgoing, goofy, and bubbly, approaching every interaction and new situation with an impressive amount of gusto for a dog his size. Mylo brings enthusiasm and personality everywhere he goes. There are plenty of words that could be used to describe him, but boring would certainly never be one of them.

Breed: F1B Goldendoodle

Weight: 9.5lbs

Together, Guppy and Mylo are expected to produce puppies that thread the needle beautifully between their parents. Some may naturally lean a little more toward Guppy's gentle, affectionate demeanor, while others may inherit more of Mylo's bubbly enthusiasm. Overall, we anticipate sweet, personable, and affectionate puppies that settle nicely for handling while becoming playful, silly, and downright hysterical when it's time to have fun.
