Meet the Parents

Jessa x Tux — Parent Overview

Jessa is an incredibly sweet, outgoing, personable, and charming girl with a wonderfully happy disposition. She is surprisingly gentle in her approach to affection, despite her enthusiasm for earning attention. Jessa will happily work to make sure she is noticed, but once she has your attention, she is more than content to settle into your lap and soak up every bit of love. Her combination of playful engagement and gentle affection makes her an exceptionally endearing girl.

Breed: F1B Schnoodle
Weight: 42lbs

Tux on the other hand, brings an entirely different level of enthusiasm to the pairing. Reserved and bashful are two words that would never be used to describe him. He is bubbly, bouncy, goofy, endlessly playful, and truly one of a kind. Tux has a flair for the dramatic in the most lovable way, approaching every moment with an infectious excitement for simply being alive. He is motivated by life itself and has a personality so wonderfully unique that there truly may never be another dog quite like him.

Breed: F1B Goldendoodle
Weight: 40lbs

Together, Jessa and Tux are expected to produce puppies that are every bit as fun and full of personality as their parents. We anticipate outgoing, playful, sweet, and incredibly engaging puppies that are wholeheartedly devoted to earning attention and affection from their people. With Jessa's gentle, loving nature and Tux's bubbly confidence and enthusiasm, this litter should have wonderful potential for service-style temperaments. Energy levels are expected to range from mid to moderate, naturally rising with excitement and interaction before settling nicely for handling. These puppies should be especially well suited for engaging homes looking for an affectionate, entertaining, and deeply connected companion.
