Snow Girls Temperament Assessment

Snow Girls Play Video

Date of Birth: 9/9/2026

Snow Litter Temperament Overview:

Snow and Diesel bring together two very different but beautifully complementary temperaments. Snow is **gentle, respectful, sweet, cuddly, easygoing, and incredibly tolerant**—the kind of girl who is friends with nearly everyone she meets. Diesel brings the other side of the equation: he is **outgoing, confident, highly intelligent, energetic, and adventurous**, with incredible focus and a willingness to take on just about anything.

Their puppies appear to have **threaded those qualities together really nicely**. Overall, this is a very well-balanced litter of playful, curious, happy, engaging puppies with **exceptional focus for their age**—a quality that is especially characteristic of Diesel puppies. They enjoy human connection and are naturally people-focused, while also showing an appropriate ability to be content doing their own thing when needed.

One important theme within the evaluated puppies is that **many appreciate a little time to process and adjust when something is brand new**. They may initially appear somewhat unsure, but that first impression should not be mistaken for their entire temperament. Once given the opportunity to settle into an environment, we expect to see increasingly confident, outgoing, engaging, and animated puppies. They are also highly tolerant with handling, even when carrying some initial tension, which is an important and positive distinction.

Energy is consistently **mid level across the evaluated litter**, giving these puppies a nice balance between playfulness, engagement, and the ability to settle. They also show **good early Therapy / ESA potential**, with continued confidence-building being an important part of developing that potential. Overall, this is a sweet, intelligent, focused, people-oriented group with a wonderful combination of Snow's gentleness and Diesel's curiosity, engagement, and drive.

Snow White

🎅🐾 Santa's Little Prep Student: **6-Week Doodle Prep School**
Prep School Dates: Nov 5th - Dec 17th 2026 (6wk)

POTENTIAL THERAPY **/** ESA CANDIDATE

• **Energy Level:** Mid — Active in Handling & Balanced Overall

• **Personality:**
Snow White is a **very well-balanced, sweet, curious, tolerant, and people-focused girl**. She is comfortable doing her own thing when needed, giving her a nice ability to enjoy connection without requiring constant interaction.

White showed a **more active initial handling presentation**, while her overall energy evaluation remained a textbook mid level. She appreciates a moment to take in something unfamiliar and can initially appear unsure. Once she has had time to settle into her environment, she is expected to become increasingly confident, outgoing, engaging, and energetic.

She is naturally people-focused and showed **good human engagement**. During handling, White remained very tolerant despite carrying some tension. Her more active initial presentation and tension are important pieces of her evaluation, but neither prevented her from remaining receptive and tolerant throughout.

White showed **good early Therapy / ESA potential**, with continued confidence development expected to make that potential even stronger. Her sweetness, people orientation, tolerance, balanced energy, and ability to engage provide a promising foundation.

Her **6-Week Doodle Prep School** will be especially helpful for building confidence through positive experiences while further developing training, socialization, manners, handling, and everyday puppy skills. She will do best with a family that continues allowing her the adjustment time she needs in new environments.

• **Physical Evaluation:**
No health concerns noted.

Snow Pink Dot

POTENTIAL THERAPY / ESA CANDIDATE

• **Energy Level:** Mid — Active in Handling & Balanced Overall

• **Personality:**
Snow Pink Dot is a **very well-balanced, sweet, observant, focused, curious, tolerant, and people-oriented girl**. She is also content doing her own thing when needed, giving her a nice balance between human connection and the ability to occupy herself appropriately.

Pink Dot showed a **more active initial handling presentation** and appreciates a moment to process something unfamiliar. She can initially appear unsure, but once she has had time to settle into her environment, she is expected to become increasingly confident, outgoing, engaging, and energetic.

She is people-focused and showed **good human engagement**. Pink Dot remained highly tolerant during handling despite carrying some tension. One of her particularly notable qualities is how **observant and focused** she is, adding another dimension to an already sweet and curious temperament.

Her overall energy evaluation is a **textbook mid level**, despite her more active initial handling presentation. Pink Dot also showed **good early Therapy / ESA potential**, with additional confidence expected to strengthen that potential. Her observation skills, focus, people orientation, tolerance, and engagement provide promising qualities for continued development.

She will do best with a family that gives her **a moment to acclimate to new environments** rather than overwhelming her. Once comfortable, she should have the opportunity to show much more of the confident, outgoing, engaging personality underneath.

• **Physical Evaluation:**
No health concerns noted.

Snow Red Dot

🎅🐾 Santa's Little Prep Student: **6-Week Doodle Prep School**

Meet the Parents

Snow x Diesel — Parent Overview

Snow is a very gentle, respectful, sweet, and cuddly girl. She is wonderfully easygoing and tolerant of just about everything, approaching both people and new experiences with a soft, accepting nature. Snow seems to make friends wherever she goes and is an all-around fan favorite thanks to her affectionate personality and incredibly endearing disposition.

Breed: F1 Goldendoodle
Weight: 39.1lbs

Diesel on the other hand, is a Poodle who truly runs to the beat of his own drum. He is outgoing, confident, energetic, and exceptionally intelligent. Diesel is about as close as a Poodle can come to a Malinois in terms of both energy and intelligence. He is a very smart, driven boy who is always ready to learn, engage, and take on whatever new adventure comes his way.

Breed: Moyen Poodle
Weight: 45lbs

Together, Snow and Diesel are expected to produce puppies that beautifully split the difference between their parents. We anticipate puppies with Diesel's intelligence, focus, and confidence paired with Snow's gentle, affectionate, and engaging disposition. With mid-level energy that rises with interaction, strong people focus, and plenty of natural engagement, this litter should produce wonderful service and therapy candidates as well as excellent companions for interactive homes.
