

Meet The Parents

Snow x Diesel — Parent Overview

Snow is a very gentle, respectful, sweet, and cuddly girl. She is wonderfully easygoing and tolerant of just about everything, approaching both people and new experiences with a soft, accepting nature. Snow seems to make friends wherever she goes and is an all-around fan favorite thanks to her affectionate personality and incredibly endearing disposition.

Breed: F1 Goldendoodle

Weight: 39.1lbs

Diesel on the other hand, is a Poodle who truly runs to the beat of his own drum. He is outgoing, confident, energetic, and exceptionally intelligent. Diesel is about as close as a Poodle can come to a Malinois in terms of both energy and intelligence. He is a very smart, driven boy who is always ready to learn, engage, and take on whatever new adventure comes his way.

Breed: Moyen Poodle

Weight: 45lbs

Together, Snow and Diesel are expected to produce puppies that beautifully split the difference between their parents. We anticipate puppies with Diesel's intelligence, focus, and confidence paired with Snow's gentle, affectionate, and engaging disposition. With mid-level energy that rises with interaction, strong people focus, and plenty of natural engagement, this litter should produce wonderful service and therapy candidates as well as excellent companions for interactive homes.
