Meet the Parents

Isabella x Earl — Parent Overview

Isabella is a sweet, goofy, and outgoing girl with a wonderfully entertaining personality. She loves being the center of attention, but has a gentle way of asking for it without being overly vocal or demanding. Isabella has a beautifully balanced energy level that allows her to be playful and enthusiastic when it's time for fun, yet equally happy to settle in for cuddles and affection. No matter what you're doing with her, she has a way of making every moment enjoyable and bringing a little extra laughter into the day.

Breed: Standard Poodle
Weight: 49lbs

Earl shares many of those same wonderful qualities. He is outgoing, playful, personable, intelligent, and incredibly charismatic, with a bubbly personality that makes him the life of the party wherever he goes. While Earl tends to prefer playtime over just about any other form of interaction, his sweet nature and infectious enthusiasm make it nearly impossible not to indulge him. He approaches life with confidence, curiosity, and a genuine love for engaging with his people, making him an all-around exceptional boy.

Breed: F1B Schnoodle
Weight: 20lbs

Together, Isabella and Earl are expected to produce puppies that beautifully follow in their parents' footsteps. We anticipate outgoing, funny, engaging, sweet, and affectionate puppies with plenty of personality and a natural enthusiasm for interaction. Energy levels should remain around mid-level, rising with excitement and engagement while maintaining a nice balance between playfulness and affection. With their intelligence, people-oriented personalities, and eagerness to participate, this litter should have wonderful potential for service and therapy work. These puppies will likely thrive in more interactive homes looking for a fun-loving, devoted, and highly engaging companion.
