Meet the Parents

Lola x Harvey — Parent Overview

Lola is a sweet, engaged, and deeply affectionate girl who brings a light-hearted, happy spirit to everything she does. She thrives on connection and interaction, carrying herself with warmth and enthusiasm. As Lauren's personal dog, Lola holds a special place in the program—something that speaks volumes about her temperament and overall quality.

Breed: F2B Goldendoodle
Weight: 12lbs

Harvey is not far off from that same description. He is outgoing, gentle, and absolutely overflowing with personality. Harvey cares more about being invited than the adventure itself—so long as he's included, he's happy. He loves to play, is very intelligent, and has become a true fan favorite around the nursery thanks to his engaging and joyful nature.

Breed: F1 Schnoodle
Weight: 12lbs

Together, Lola and Harvey are expected to produce puppies that closely mirror their parents—sweet, engaged, outgoing, and affectionate with personality to spare. We anticipate mid to moderate energy levels, highly interactive temperaments, and puppies that will bring both enthusiasm and warmth into nearly any home environment.
